Hi Yvonne, so working on a firedrill, realized I never responded to Eric as this came in over Thanksgiving. Did you? Obviously I could not really answer his questions about what has or has not been addressed. We can likely reply next week if you think it is still relevant.

Subject: FW: CTCLUSI Comment Letter for Proposed DSL 404 Partial Assumption

Hi Yvonne and Kathy,

We just received the attached comment letter from CTCLUSI re: Tribal concerns over state-issued 404 permits. How far along is EPA in its consultation with ACHP on Florida's 404 assumption application? Have any of the issues raised by Stacy Scott been addressed, either directly or indirectly, or will they be? When?

you please check into that ASAP? Here is our schedule:

Dec. 2	Work Group Meeting
Dec. 9	Submit revised draft report to WG as a courtesy
Dec. 16	DSL presentation before the House Agricultural and Land Use Committee (HAGLU)
Dec. 18	Submit final report to HAGLU

Thanks so much!

Eric

Subject: CTCLUSI Comment Letter for Proposed DSL 404 Partial Assumption

Good Afternoon Director Walker,

Please find attached CTCLUSI's comments for the proposed DSL 404 partial assumption. As outlined in our letter, we have identified several concerns including gaps in current state laws protecting cultural resources and other inconsistencies between current Federal laws and State laws that would need to be addressed prior to a partial assumption. CTCLUSI requests government-to-government consultation to further discuss and address our concerns. Please feel free to contact me if I may be of further assistance or to schedule the government-to-government consultation meeting.

Sincerely,
Stacy
